DETAILED ACTION

Claims 1-18, and 23-49 are allowable.

The following is an examiner's statement of reasons for allowance:

Applicant's argument is persuasive in regarding to the non-obviousness to combine the Java White Paper with the prior art remote application control. The X Over The Web reference recognized the existence of Java; hence inherently knew of the capability of Java applet downloading to a browser. Yet, the reference did not provide any suggestion to use downloadable control module for remote application control so as to avoid pre-installing the control module on the requesting computer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dung Dinh whose telephone number is (703) 305-9655. The examiner can normally be reached on Monday-Thursday from 7:00 AM - 4:30 PM. The examiner can also be reached on alternate Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenton Burgess can be reached at (703) 305-4792.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group 2100 Customer Service whose telephone number is (703) 306-5631.

Any response to this action should be mailed to:
